Company Profile

Founded in 2008, Shenzhen Guangdasheng Metal Products Co., Ltd. is a high-tech enterprise integrating R&D and production of commercial electrical appliances and metal products. We have long focused on supporting Japanese convenience store supply chains, providing stable OEM & ODM manufacturing of towel sterilizers, tea set disinfection cabinets, food warmers for LAWSON, FamilyMart and 7-Eleven. With Japanese high-standard quality control and complete intelligent production lines, we are a core equipment supplier for Japanese convenience chains, and our products sell well across Europe, the Middle East, Southeast Asia and the Americas.

Shenzhen Mizhinuo Technology Co., Ltd. is the wholly - owned sales subsidiary of Guangdasheng, fully responsible for brand operation, global channel expansion and customer communication. Carrying forward the parent company' s decades of mature manufacturing experience and adhering to the core tenet "Trade Driven by Reputation, Market Connected by Quality", we deliver complete one-stop commercial appliance solutions for global chain catering, hotels, supermarkets and food processing factories.

LAWSON, FamilyMart and 7-Eleven run stores all over the world and serve hundreds of millions of customers daily. As the official core OEM manufacturer of these brands, Guangdasheng and Mizhinuo closely cooperate with brand purchasing and supply chain teams. Japanese quality standards run through every link from production to end sales, making our equipment sturdy and durable to fit high-foot-traffic commercial environments.
